## ALO, Shine

Shine like the sun into my life again I want you to shine like the sun into my life again

Shine like the sun into my life again I want you to shine like the sun into my life again Come on baby, baby please

Shine on this heart and make it whole again I want you to shine on this heart and soul of mine and make it warm again Come on baby

I want you to shine like the sun into my life again Come on baby I want you to shine like the sun and make it warm again Come on baby, baby please Come on baby, baby please

I want you to shine like the sun into my life again It's been such a long lonely time I don't even feel like myself It's been such a long lonely time And I don't even know what to do with myself Come on baby, baby please
