

# Alok, All by myself (feat. Sigala, Ellie Goulding)

I lost my own belief  
Always somethin' breakin' me, was overcome  
Walkin' these lonely streets  
Even in good company, I want to run

But now I'm embracin' the way I am  
I don't need nobody to hold my hand

I'm doin' it, doin' it all by myself  
I'm movin' it, movin' it all by myself  
I'll be my own motivation  
I'll listen to nothin' they're sayin'  
I'm lovin' me, lovin' me all by myself

All by myself  
All by myself, myself  
All by my—

They turned the best of me into my insecurities  
They shout so loud  
No parties with fake friends  
I never wanna blend into the crowd

No more goin' places I don't belong  
They're gonna say I'm selfish, but I'm just strong

I'm doin' it, doin' it all by myself  
I'm movin' it, movin' it all by myself  
I'll be my own motivation  
I'll listen to nothin' they're sayin'  
I'm lovin' me, lovin' me all by myself

All by myself  
All by my-my-my  
All by myself, myself

No more goin' places I don't belong  
You can say I'm selfish, but I'm just strong  
And now I'm breakin' free from what they wanted me to be  
And I'm me, finally, oh

I'm doin' it, doin' it all by myself-self-self  
All by myself-self-self-self  
I'll be my own motivation  
I'll listen to nothin' they're sayin'  
I'm lovin' me, lovin' me all by myself

All by myself, myself  
All by myself  
All by my-my-my  
All by myself, myself  
All by myself
