

# Alpha Blondy, Black Men Tears

Wo, wo, wohou  
It's alright  
Wo, wo, wohou  
The Lord made me black  
Using Jah Jah children  
Every where  
Fighting Jah Jah people  
Every day  
Just like another slavery day  
Economical slavery day, yeah  
I say wo, wo, wohou  
It's alright  
Wo, wo, wohou  
The Lord made me black  
Them say judgment days  
Are coming by  
Once again I'll be wrong  
Because I'm black  
Such a vicious trial  
And I really don't know why  
Wo, wo, wohou  
When they living big say them a white  
The day they die  
They going back to black  
The way they die, we die  
We all going back to black  
While they living big  
Why can't we live together I say  
I say wo, wo, wohou
