

Alpha Blondy, Take No Prisoner

Don't go, Natty dread don't go there...
Don't go, Natty Congo don't go there...
Don't go, Natty dread don't go there...
Don't go, Natty Congo don't go there...

We take no prisoners
And we eat the wounded
We take no prisoner
And we eating the wounded

Down in Sudan
Muslims are selling Christians as slave...
I don't understand
How Africa got into this craze...
O.A.U. don't care
Freedom fighters beware
It's a cannibalistic strategy
A cannibalistic strategy

Don't go, Natty dread don't go there...
Don't go, Natty Congo don't go there...
Don't go, Natty dread don't go there...
Don't go, Natty Congo don't go there...

The power of the powerless
Facing the fury of the fearless
And the soldier's eyes
Getting merciless...

Don't go, Natty dread don't go there...
Don't go, Natty Congo don't go there...
Don't go, Natty dread don't go there...
Don't go, Natty Natty don't go there...

O.A.U. don't care
Freedom fighters beware
It's a cannibalistic strategy
A cannibalistic strategy

We take no prisoners
And we eat the wounded
We take no prisoners
And we eating the wounded

Don't go, Natty dread don't go there...
Don't go, Natty Congo don't go there...
Don't go, Natty dread don't go there...
Don't go, Natty Natty don't go there...
