Alpha, Given Time

Given time, i'll be fine
Hold your breath
No, i'll hold mine
Stay around, stay with me
Soon you'll see, i'll be fine
Just a day's too soon to say
I'll come round when least expected
Find my way
Hold my hand
Understand
I'll be fine, given time
Hard to say, to give away
Pour your heart into my head again today
Help me down, help me out
Given time, i'll be fine
