

Alpha Twins, Fragile

Do you know what life is?
Its nothing more than a journey between two worlds
Ours, the world of the living
And the world of those who have died
These two worlds are separate
Those of us in this world cannot see the other
However much we may wish to
But there are some
Who are now growing nearer to the other world
Who are able to glimpse things in it
That have come close to this world
These two worlds are separate
Those of us in this world cannot see the other
However much we may wish to
