

Alphabeat, 10.000 Nights Of Thunder

I was not looking for arty farty love
I wanted someone to love completely
And someone more than weekly
I was looking for a decent boy
For a tender glance (o-o-oh)
For a safety dance (o-o-oh)
The Withering Heights
And the stormy nights
You give me 10,000 nights of thunder
But I will give them all back to you
'Cause you're so ooh, (du-du-du-du)
You're so ahh,(du-du-du-du)
You're so cool.
You came like a thief in the night and stole my heart
Ooh, like a solitude erasure
Like an elevator
And I know we'd do anything for love (oh yeah)
And it is you and me (woh-o-oh)
For all eternity (o-o-oh)
The Withering Heights
And the stormy nights
You give me 10,000 nights of thunder
But I will give them all back to you
'Cause you're so ooh, (du-du-du-du)
You're so ahh,(du-du-du-du)
You're so cool (Baby you're so super-supreme-di-ba-be-di-oh)
It feels like 10,000 nights of thunder
When I spend the one with you
'Cause you're so ooh,(du-du-du-du)
You're so ahh,(du-du-du-du)
You're so cool (Baby you're so super-supreme-di-ba-be-di-oh)
Baby baby you're irresistible and I'm insatiable (uh uh uh-oooh)
Yeah love is an ocean of sweet emotion (sweet emotion)
You give me 10,000 nights of thunder
But I will give them all back to you
'Cause you're so ooh,(du-du-du-du)
You're so ahh,(du-du-du-du)
You're so cool (Baby you're so super-supreme-di-ba-be-di-oh)
It feels like 10.000 nights of thunder
