## Alphaville, Dangerous Places

(Lyrics: Gold / Music: Gold-Lloyd-Echolette)

People buzzing around, They don't know a thing

They just a laugh

And the ones in power are always pulling the strings

People do what they do, How much can they take They just get the news

And the ones in power always get the cake

But you got ambition,

You got the face, come on, let's go to a dangerous place

You got the class, i think you're desperate,

Let's go to a dangerous place Come on - let's go, come on -

Let's go, come on...

I promise this thing will sell, I promise i'll take you to heaven

I promise this thing will sell, and i just can't wait

You have your plans, all these plans

And there are moments, Shall i call them a chance

If i was you i would make them all mine

And if i ain't got the power i would commit a crime

But you got ambition ...

I promise this thing will sell... I'm gonna make you a deal,

You know i'm your friend

I'm gonna stay with you until the very end

I know you got the guts,

I got a lot of time

I'm gonna make me yours

Before i make you mine
