

Alphaville, Inside Out

(Lyrics: Gold / Music: Gold-Lloyd-Echolette)

Your hand full of hours - sand from the urns
A travelling companion - the secret of ferns
From darkness to darkness - where shall I begin
When whiteness attacked us - sewn under our skin
And there were the stars
That helped to navigate our souls
With all my love - I went into the world
From inside out - and I gave it all to you
But I need your love - that was looking for me
Just on my lips look for your kiss
And always I think where we might have gone
If we'd never met inside this song
Our names are enciphered
But the words became true
When I was the sun and you, you were the moon
And there were the stars
That helped to navigate our souls
