Thunder And Lightning

i was walking in the rain

when the angel of my intuition whispered hello

and then i turned around there was you

well, i was quite surprised to face that kind of incarnation

love is always unexpected, love strikes blind and undirected

an it's amazing how my life

became the wildest game of all

i never knew without your love

and since i fell for you i fail to brave the heavy weather

raging round the axis of my heart

and i don't, i don't need to..

whenever i see you i want thunder and lightning

whenever i touch you i feel thunder and lightning

whenever i hold you i feel better than the time before

that's what i want, thunder and lightning for evermore

there were times when i was down

there were times when all my hopes had faded

my whole life just seemed to be

a senseless quest for energy

but love is the answer, love is all we need my friend

now you came & changed the weather

now i wanna live forever

yes i admit i'm playin' with powers

that i can't control

but i tell you, i will do the best i can

we're on a crash course plane

that's heading down to paradise

and that is the intention of the plan

and i don't need no heaven

what do you want? you know it!

what do you want then?

i tell you what i want!

i tell you what i need!!

i don't need no heaven!!!

i need thunder and lightning,

don't need no heaven!!!!!!!
