

Alpinestars, Snow Patrol (Part 2)

Good girl, I want your freeze
Bad girl, your expertise
Good girl, I want your freeze
Bad girl, your expertise
In the frozen times, wasted in our minds
Good girl, you played a game
Bad girl, never twice the same
Good girl, you played a game
Bad girl, never twice the same
Many times before and forever more

Snow patrol, save your soul
Feel the cold taking hold
Snow patrol, save your soul
Feel the cold taking hold
In the frozen times, wasted in our minds
Snow patrol, save your soul
Feel the cold taking hold
Snow patrol, save your soul
Feel the cold taking hold
