

# Alsou, Tears Drop

as i close my eyes,i realized  
it's the touch of you make me carry on  
and i hope you must have for all  
it's the chance to feel you once more  
it's the chance to love you once more

(chorus)

you're in my heart,you're in my mind  
everywhere i go, every place i seen  
the air i breath,and the round i stand on  
yuo're in every smile, every teardrop....

i can hear your voice inside my soul  
just a thought of you make me carry on  
everynight i prayed your soul  
well i'm glad that my wish come true  
well i'm glad that my dream come true

(chorus)

you're in my heart, you're in my mind  
everywhere i go, everyplace i seen  
the air i breath,and the ground i stand on  
yuo're in every smile, every teardrop

at your heart...(your heart)  
tobe remain...(tobe remain)
