

# Altar, In The Name Of The Father

He is the one who gave me life  
because of him I walk this earth  
He is the one who's in my blood  
because of him I know it's worth  
He is the one who fought for me  
so I can live in liberty  
He is the one I think was right  
In the name of Him I feel this might  
Brought up in a home ready for this generation  
Told to be suspicious 'bout the human life  
The individual against the rest of the nation  
Raised by a man with freedom in his eyes  
In the name of the Father - I must resist  
In the name of the Father - Retaliate  
In the name of the Father - I clench my fist  
In the name of the Father - I am  
Others draw a line of fear and frustration  
afraid to ask themselves 'bout the reason why  
I'll always be apart from the rest of the nation  
I'm raised by a man with freedom in his eyes
