

# Alter Bridge, Fallout

Another rebel  
Runs against the grain  
Atoner is born  
He's filled with anguish  
Deep within he's dying everyday  
To find his way  
He is lost  
So consumed  
Can you feel him?  
Somewhere in the Fallout  
He is someone just like you  
Who is lost to find the truth  
Can you hear him?  
From afar he cries out  
For the answer to be shown  
As he dares to walk the Fallout on his own  
So frustrated  
He walks the line alone  
Courage sets him apart  
He is so faithless  
All he once embraced he now disowns  
He let it go  
All the while  
He still waits  
Can you feel him?  
Somewhere in the Fallout  
He is someone just like you  
Who is lost to find the truth  
Can you hear him?  
From afar he cries out  
For the answer to be shown  
As he dares to walk the Fallout on his own  
Left behind he's walking  
Burning still he tries  
To unearth the meaning to this life  
Cast aside he's weary  
Bleeding to behold  
Disconnected still he fights  
For truth alone  
Can you feel him?  
Somewhere in the Fallout  
He is someone just like you  
Who is lost to find the truth  
Can you hear him?  
From afar he cries out  
For the answer to be shown  
As he dares to walk the Fallout on his own
