

Alterium, Of War and Flames

Lady dressed in red
And silken flames
With scorching desert winds
And burning breath
She slays the mortals

Goddess of the war
And raging flames
Emblem of the solar rays
With deadly warmth
And power

Her bloodlust never ends
Not even after the revenge
Surrender to her rage

See, the blood of the fallen – blood of the fallen
Made the Nile run red - made the Nile run red
And her wrath seemed so endless
Until one day Ra tricked her mind

Mistress of the dread
A lioness
The One Before Whom Evil Trembles
Vengeful queen of slaughter

Fooled by Ra
She drank the blood
Which was beer dyed in red instead
The peace has been restored

Her bloodlust never ends
Not even after the revenge
Surrender to her rage

See, the blood of the fallen – blood of the fallen
Made the Nile run red - made the Nile run red
And her wrath seemed so endless
Until one day Ra tricked her mind

See, the blood of the fallen – blood of the fallen
Made the Nile run red - made the Nile run red
And her wrath seemed so endless
Until one day Ra tricked her mind
