Alton Ellis, Baby, Now That I've Found You

Baby,
now that I've found you
I won't let you go
I built my world around you
I need you so
Baby even though
You don't need me,
You don't need me (x2)

Baby, baby,
Since first we met
I knew in this heart of mine
The love we had, not be bad
And right, abide my time
All my life looking for that somebody
Who give me love like yours
Now you tell me that you want to leave me
But baby I cant live without you

Baby,
now that I've found you
I won't let you go
I built my world around you
I need you so
Baby even though
You don't need me,
You don't need me (x2)

All my life looking for that somebody
Who give me love like yours
Now you tell me that you want to leave me
But baby I cant live without you

Baby, now that I've found you
I won't let you go
I built my world around you
I need you so
Baby even though
You don't need me
You don't need me no, no
