

AlunaGeorge, I Remember

In the fabric
In the phones
Lost memories
Get old
Tiny lies
love left unsaid
Like grains of sand left in my bed

I've been trying
Times go away
The dead gone days
I've been flying
The moment that I see your face
I Remember
I Remember
I Remember goodbye
Insulting way
I find in your eyes
I Remember
I Remember
I Remember the fights
Burning deep into nights
