It's so simple

Seems you're lost in your brain  
No signal!

I know you're seen the signs  
Don't wanna read them  
It's not fine  
It's not ok.  
Boy, All you gotta do right now is listing

I mean what I mean  
When I say so  
Not trying be mean  
When I say so  
So don't play a fool and twist my rules  
I mean what I mean  
When I say so  
Not trying be mean  
When I say so  
So trust me,  
I mean wan I mean  
I mean wan I mean  
So trust me,  
I mean wan I mean

It you don't wanna see me get mental  
I'm just here to have a good time

See that's your final warning shot now
