

# Aly & A.J., Speak For Myself

Do you see me?  
Do you care?  
You talk about me  
Like I'm not there  
Don't get a word in  
When you're around  
I bet you don't know  
What I'm about  
'Cause I will, I will speak for myself  
What you see isn't all I am  
I need a place to stand  
I will, I will speak for myself  
There's so much you're missing  
If you cared you'd listen  
You suffocate me  
You drown me out  
I'm tired of waiting  
Without a doubt  
I feel I'm fading  
I flicker out  
My heart is screaming  
Without a sound, yeah  
'Cause I will, I will speak for myself  
What you see isn't all I am  
I need a place to stand  
I will, I will speak for myself  
There's so much you're missing  
If you cared you'd listen  
I'm not sorry for who I am  
Take it or leave it  
It's my time to take a stand  
Throw it or keep it  
Know that I don't need to understand  
Won't say it again  
(I will, I will, I will, I will)  
You know I will  
'Cause I will, I will speak for myself  
What you see isn't all I am  
I need a place to stand  
I will, I will speak for myself  
There's so much you're missing  
If you cared you'd listen  
If you cared you'd listen  
I will, I will speak for myself
