## Aly & AJ, Blush

You openly admit The things you'd like more of from me Somehow I find it attractive That you won't censor anything With you there is no filter To sugercoat what is said Even though I like your honesty It won't lead me to your bed Chorus: So instead, go ahead and say it Even though you know It makes me uncomfortable Go ahead and say it If you must make me blush You are so transparent The farthest thing from perfect Once again I am left out of breath On the edge of losing it **Chorus Repeat** Please take me under with you But I will only let you go so far It can be our secret You know what our boundaries are Go ahead and say it Even though you know It makes me uncomfortable Go ahead and say anything If you must Please Make me blush
