

# Aly & AJ, Potential Breakup Song

La, la, la, la, la, la  
La, la, la, la, la, la  
La, la, la, la, la, la, la, la

It took too long it took too long it took too long  
For you to call back  
And normally I would just forget that  
Except for the fact it was my birthday  
My stupid birthday

I played along, I played along, I played along  
Rolled right off my back  
But obviously my armor was cracked  
What kind of a boyfriend would forget that  
Who would forget that

The type of guy who doesn't see  
What he has until she leaves  
Don't let me go  
'Cause without me you know you're lost  
Wise up now or pay the cost  
Soon you will know

You're not livin' 'til you're livin'  
Livin' with me  
You're not winnin' 'til you're winnin'  
Winnin' me  
You're not gettin' 'til you're gettin'  
Gettin' to me  
You're not livin' 'til you're livin'  
Livin' for me

This is the potential breakup song  
Our album needs just one  
Oh baby please, please tell me

We got along, we got along, we got along  
Until you did that  
Now all I want is just my stuff back  
Do you get that  
Let me repeat that  
I want my stuff back

You can send it in a box  
I don't care just drop it off  
I won't be home  
'Cause without me you know you're lost  
Minus you I'm better off  
Soon you will know

You're not livin' 'til you're livin'  
Livin' with me  
You're not winnin' 'til you're winnin'  
Winnin' me  
You're not gettin' 'til you're gettin'  
Gettin' to me  
You're not livin' 'til you're livin'  
Livin' for me

You can try, you can try  
You know, I know it'd be a lie  
Without me you're gonna cry  
So you better think clearly clearly  
Before you nearly nearly

Bust up the situation that you're gonna miss  
Dearly, dearly  
Come on

You're not livin' 'til you're livin'  
Livin' with me  
You're not winnin' 'til you're winnin'  
Winnin' me  
You're not gettin' 'til you're gettin'  
Gettin' to me  
You're not livin' 'til you're livin'  
Livin' for me

This is the potential breakup song  
Our album needs just one  
Oh baby please, please tell me  
This is the potential makeup song  
Please just admit you're wrong  
Which will it be which will it be

La, la, la, la, la, la  
La, la, la, la, la, la  
La, la, la, la, la, la, la, la
