Dream

As long as you know

It's not impossible

To make it a reality

Oh dreams

Are always there for you

And always there for me

To reach as long as you and I believe

I'm not just telling you all of our dreams come true

As long as you just remember that I believe

Anything that I can do, I know that you can too

Don't you let anyone ever keep you from your dreams

You can do whatever you want

Don't ever turn away from your heart

So make a wish on heaven

The stars will send you in the right direction

As long as you believe

Dream

As long as you know

It's not impossible

To make it a reality

Oh dreams

Are always there for you

And always there for me

To reach as long as you and I believe

Don't ever think you can't, don't ever think you have

Don't ever reach the future that you have left

Don't ever say there's no hope for you tomorrow

When you control the dreams that you've always known

You can do whatever you want

Don't ever turn away from your heart

So make a wish on heaven

The stars will send you in the right direction

As long as you believe

Dream

As long as you know

It's not impossible

To make it a reality

Oh dreams

Are always there for you

And always there for me

To reach as long as you and I believe

There's no better place than where you are

To reach for the sky, you'll have the stars

Whatever you want is available

Just don't be afraid to dream

Dream

As long as you know

It's not impossible

To make it a reality

(You can make your dreams come true)

Oh dreams

Are always there for you

And always there for me

To reach as long as you and I believe

Only you can dream you know

Eventually it will come to you

Anything you want if you believe

That you can have the stars, the moon

Only you can dream you know

Eventually it will come to you

Anything you want if you believe

That you can have the stars, the moon

Dream

As long as you know  
It's not impossible  
To make it a reality  
Oh dreams  
Are always there for you  
And always there for me  
To reach as long as you and I believe  
Dream  
As long as you know  
It's not impossible  
To make it a reality
