

# Am I Blood, Eternal You

A bear to the brains is what you seek  
Helmet is a fuel to feed every young being  
Come over me my rising sun girl  
Lizzard crawling deep in eccentric you

It's just a piece of you  
You never gave me nothing  
Melodic friend of mood  
Are you happy

This witch ain't my baby just a sugar pie honey  
Giving low price where she moves  
Spell made a bitch with a hard core lips  
Sins of immoral deeds

It's just a piece of you  
You never gave me nothing  
Melodic friend of mood  
Are you happy

Bitch is part of you  
Carcass of a welfare state  
Two blocks away from the street  
Lovely good for nothing

Bitch is eternal you  
Bitch is a part of you  
Bitch is eternal you  
Bitch is a part of you

Loaded head, full of acid rain  
Get yourself ready, for exploding stand  
Natural war's leading the beat of bullet  
Guns save, as many lifes they're killing now

It's just a piece of you  
You never gave me nothing  
Melodic friend of mood  
Are you happy

Bitch is part of you  
Carcass of a welfare state  
Two blocks away from the street  
Lovely good for nothing

Bitch is eternal you  
Bitch is a part of you  
Bitch is eternal you  
Bitch is a part of you
