

# Am I Blood, Nothing Realistic

Standing right here I cover my face  
Too late to see how weak is your faith  
Longer I live  
Deeper's your cult  
Angry for selfish filth

You try to keep your face and cover your pain  
Is there humanity in you  
You try to keep your face and cover your pain  
And that's the weakest side in you

Crawling down here  
You're chasing my flesh  
No time to swear for your conviction  
Harder I scream  
Stronger's your lust  
Degrade  
The potency's the source

You try to...

Must be waiting here  
Until your hands have tied my life  
WHY!  
Must be waiting here  
Until your hands have tied my life

Standing right here I cover my face  
Too late to see how weak is your faith  
Longer I live  
Deeper's your cult  
Angry for selfish filth

You try to...

There's only hatred in a world  
Where you're living your life  
And Nothing seems to be Realistic in your mind  
WHY!  
Must be waiting here  
Until your hands have tied my life
