

AM radio, Take Time

Every day you're so frustrated
working hard is overrated
take time take time
and make right what's wrong
Everyday is like the last
you never seem to get right past
the same thing all the time
and it gets you down
do you want some time
are you gonna say
what's on your mind
do you need some time
maybe you will look
and you will find
you can be just anything
as long as you still
have the means
just try you won't
have to give up
do you want some time
are you gonna say
what's on your mind
do you need some time
maybe you will look
and you will find
go find
Every day you're so frustrated
working hard is overrated
take time take time
and make right what's wrong
Do you want some time
are you gonna say
what's on your mind
Do you need some time
maybe you will look
and you will find
do you want some time
are you gonna say
what's on your mind
Do you need some time
maybe you will look
and you will find
Take time take time
take time take time
