

# Amadeus, Believe In Love

Believe in Love  
How I can believe?  
The Passion deceives the eyes,  
It dont leave me feel,  
What it exists in the heart.  
The truth behind the love,  
The truth behind the eyes,  
The world is magic,  
I can until flying.  
Believe in Love,  
Seeing the light of tomorrow,  
Believe in love,  
Destroying any sorrow.  
When eye the horizon,  
I look for to reflect above all,  
But on love and the passion,  
Its difficult to explain.  
The truth behind the love,  
The truth behind the eyes,  
The world is magic,  
I can until flying.
