

# Amadeus, Open My Mind

I thought that was easy  
To control my imagination  
And to go to any place  
Where exists mountains  
And rivers with clean waters  
But now I know that is difficult  
That is subject of time  
I need to open my mind (4x)  
When I was a young girl  
And I listened my mother to say  
That I needed a long time  
For me to understand this world  
And always to do the right thing  
Of the way that has to be  
It's that I want for me  
I need to open my mind (4x)  
When I was a young girl  
And I listened my mother to say  
That I needed a long time  
For me to understand this world  
And always to do the right thing  
Of the way that has to be  
It's that I want for me  
I need to open my mind (4x)
