

Amanda, Crush On You

Wanna give in to my feelings
and I cannot describe
what's up with you
and the things you make
me wanna do
wanna get it, wanna hit it
and I want it right now
I follow you
cause you, you got me all
confused

I can't hide it, can't fight it
I'm trapped with nowhere
else to go

Yes I know it's true it shows
I can't deny, can't fight
lets call the spell, on me
you got me hooked
and I can't control
my crush on you

Do you think that i dont see
the games you play
and the way you talk to all your girls
here you go with your show
although you know
whats up with you
you know that im not one of them

Admit it, get with it
we're trapped with noelse to go

Yes I know it's true it shows
I can't deny, can't fight
lets call the spell, on me
you got me hooked
and I can't control
my crush on you

Yes I know it's true it shows
I can't deny, can't fight
lets call the spell, on me
you got me hooked
and I can't control
my crush on you

Get a crush

Quit your games cause I dont play
the way you do cause
I'm on another level
still I can't control my crush on you
my crush on you

Yeah yeah yeah

I can't deny, can't fight
lets call the spell, on me
