

# Amanda Jenssen, Don't Worry

I ran away  
but now I'm back  
and you might think  
that I am mad  
The truth is  
you are right  
but I am tired of being sad  
My head misses your shoulder  
can't you feel it?  
Why, oh why?  
I've been bad  
but now I'm older  
I'd be stupid not to try  
Don't worry  
Da-da-da-darling  
You will see  
Da-da-da-darling  
How sweet it could be  
Don't worry  
I cry and cry  
my eyes run dry  
I'm lonely  
can't you see?  
I know you could

You know you should  
be sleeping next to me  
When I need some air  
a touch of flair  
that's when I sing this song  
When you feel confused  
too much too soon  
That's when you sing along  
Don't worry  
Da-da-da-darling  
You will see  
Da-da-da-darling  
How sweet it could be  
Don't worry  
I'm at your door  
Let me in  
Cause I want more  
You just sigh  
And tell me  
that I lalalalalalalalie  
Can't you see?  
It's you and me
