

Amanda Marshall, If I Open Up My Heart To You

It's still too soon to call it love
I know it's more than just a crush
We're getting closer every day
And when you look at me that way
All I can say

Is if I open up my heart to you
I just need to know you feel it too
Will you be the one
To make my dreams come true
If I, if I open up my heart to you

I got a feeling this could be
Something I thought I never see
You're on my mind
Night after night
Something keeps telling me
It's alright
So give me a sign... so

Is if I open up my heart to you
I just need to know you feel it too
Will you be the one
To make my dreams come true
If I, if I open up my heart to you

You could be everything
That I've needed
But I can't take that chance
Till I know that you're with me
Till I know what your feeling
Till I know where you stand

Till I, till I till I know where you stand
Will you be the one to make
My dreams come true
If I, if I open up my heart to you
Will you be the one there
To help me get through
If I, if I open up my heart to you
