

Amanda Perez, Angel Remix

It's been five months since (Ohhhh) you went away
God send me an angel

God send me an angel from the heavens above
Send me an angel to heal my broken heart from being in love
Cause all I do is cry
God send me an angel to wipe the tears from my eyes

Amanda: See it's been five months since you went away
Left without a word and nothing to say
Want to wil' out want to up and leave
See it's all about you it's not about me
Break me down from in and out
See I knew from the jump you had some doubts
Should have known then you would never stay true
Should have known then that I could never change you
Now I'm on my knees and I'm begging god please
Take away this pain that I'm feeling cause it's just too much for me
And I try to open up my eyes I sure do try to see
But this man got my heart in a box and I can't even find the key god please

God send me an angel from the heavens above
Send me an angel to heal my broken heart from being in love
Cause all I do is cry
God send me an angel to wipe the tears from my eyes

Amanda: I never thought twice when I rolled the dice
Never thought so many times you'd make me cry
Deep down in my heart I used to believe that I was meant for you and you was meant for me
But without trust there is no love
And I'm sure gonna miss them kisses and hugs
Got to let go or I never will
Can't wait for the nights where I can't stay still
Love ain't for free got to pay the bills
Say that you won't but I know that you will
Deep in my heart I know you'll never change
And everything that you do I'll always be the blame

God send me an angel from the heavens above
Send me an angel to heal my broken heart from being in love
Cause all I do is cry
God send me an angel to wipe the tears from my eyes

God send me an angel from the heavens above
Send me an angel to heal my broken heart from being in love
Cause all I do is cry
God send me an angel to wipe the tears from my eyes

Oh god...send me an angel
Send me (Oh baby) an angel
Send me an angel from the heavens above
Send me an angel to heal my heart from being in love
Oh god...(Amanda Perez...Preemo) send me an angel
