

Amanda Perez, If I Open My Heart To You

It's still too soon to call it love
I know it's more than just a crush
We're getting closer everyday
And when you look at me that way
All I can say...

Chorus

... is if I open up my heart to you
I just need to know you feel it too
Will you be the one to make
My dreams come true
If I, if I open up my heart to you

I got a feeling this could be
Something I thought I'd never see
You're on my mind night after night
Something keeps telling me
It's alright
So give me a sign, so...

Repeat chorus

Middle eight

You could be everything
That I've needed
But I can't take that chance
Til I know that you're with me
Til I know what you are feeling
Til I know just where you stand

Til I know just where you stand
Will you be the one to make
My dreams come true
If I, if I open my heart to you
Will you be the one there
To help me get through
If I, if I open my heart to you
