

Amanda Shaw, What's Wrong With You?

I don't think
You understand
My circumstance
My motivation
Is fading
I believe
The possibility
Of happen-stance
Sometimes the chance
Is worth taking
Tell me ba, a, by
[Chorus:]
What's wrong with you
Don't you wanna be
Somebody
Who is a part of me
Love sign hoping
Don't stop holding on
I hear it
In your voice
Honey
Why do you hesitate
Will you ever be
Haaa, py
I can't bear to see
Your whole world
Disintegrate
When together
We can be
So much stronger
(Chorus)
How could you forget
The way that it feels
To live with regret
Your heart never heals
Deep down in your soul
I think that you know
Love sign hoping
Don't stop holding on
What's wrong with you
Don't you wanna be
Somebody
Who is a part of me
Love sign hoping
Don't stop holding
Don't stop holding on
(Chorus)
