

Amanda Wilkinson, Walk Away

You used to say that we were cut from the same cloth
Ticking on the same clock,
Something fine.
You used to say no fire ever burned as hot as us,
now you're saying goodbye.

You always said that we were
beautiful and timeless
We were one of a kind
and we were more than right
I heard you say I was the only one who really moved you
now you're saying goodbye

(Goodbye)
Walk away now, baby walk away.
(Goodbye)
Walk away now, if you've changed your mind
(Goodbye)
Walk away now, baby walk away
(Goodbye)
Walk away if it was all a lie

You used to say we were the ones who would make it
Yeah, the ones dedicated
Meant to share this life.
I heard you say a thousand times
That you would always love me.
Now you're saying goodbye

(Goodbye)
Walk away now, baby walk away.
(Goodbye)
Pretend you never said that you were mine
(Goodbye)
Walk away now, baby walk away.
(Goodbye)
Walk away if it was all a lie

But you can't tell me all those words you told me
Weren't anything but something true.

Didn't you say that we were cut from the same cloth
Ticking on the same clock,
Something fine.
Didn't you say that no fire ever burned as hot as us
Now you're saying goodbye

Walk away now, baby walk away.
(Goodbye)
Pretend you never said that you were mine
(Goodbye)
Walk away now, baby walk away.
(Goodbye)
Walk away if you've changed your mind
(Goodbye)
Walk away now, baby walk away.
(Goodbye)
Walk away if it was all a lie
