

# Amaranthe, Drop Dead Cynical

I need the attention  
Feed on my addiction  
I want the action  
Satisfaction  
You have to feed me  
Words that I inquire  
So my discord  
Someday takes me higher

I hope to thrill you  
Let expectations rise  
I want to bring you  
Somewhere you can't compromise  
I'm coming at you  
like a cannonball  
So here's the truth  
You are Drop dead cynical

Welcome to a new world  
Open up the gates to paradise  
So let's get cynical  
Fall into a new maze  
Open up your eyes and soon we're all  
We're drop dead cynical

It's your illusions  
Fatal contradiction  
I need the action  
Premonition  
I like to thrill you  
I am what inspire  
Let you explode in a  
Cosmic fire

You're Diogenes  
Enlightened Zeon's mind  
Ten times cynic  
As the man behind the shine  
You make it hard  
to justify it all  
See what you are  
You are drop dead cynical
