Amazing Dave  
Live At The Bottleneck  
Love Theme From 'They Saved Hitler's Brain'  
The tabloids said  
That Hitler's head  
Was found in Germany  
You can't believe anything you read  
Obviously  
But, my darling, when it comes to love  
You can believe in me:

[1]  
They saved Hitler's brain  
I hear they found it in some pink champagne  
That can't explain  
The way I feel

It fell from above  
I couldn't tell you what that brain's made of  
But, dear, my love  
Is real

Unlike that hoax  
In the news I read  
I would never lose my head  
And be untrue

I think they've gone insane  
They may have saved Hitler's brain  
But I'm saving  
All my love for you

[2]  
They saved Hitler's cock  
They're gonna put it in a big ice block  
But, dear, let's talk  
Of love divine

They saved Hitler's knees  
They're gonna auction 'em at Sotheby's  
But, darling, please  
Be mine

Unlike that hoax in the news I read  
I would never lose my head  
And be untrue

Now here's the crazy part  
They couldn't find Hitler's heart  
But I'm finding  
All my heart's with you
