

Amazing Device, Speak Up

If I only had the strength,
the strength to expell these words
that are caught inside my throat
would you feel the same?

Or would you,
Raise a flag to,
Run me right through the ringer again
Through the static
It's automatic
Disconnection always wins

Speak now or forever hold your peace.....
Because if you've
Got something to say
You could throw it all away
If you don't speak up(speak up)

If I only were invincible
It's just a basic principle
You can't feel something if it's just not there.....
Because if you've
Got something to say
You could throw it all away
If you don't speak up
(beacuse if you've)
Got something to say
You could throw it all away
If you don't speak up(speak up)

Don't say it, don't say it, don't say it's
Too late, too late, too late

Speak now or forever hold your peace.....
Because if you've
Got something to say
You could throw it all away
If you don't speak up (speak up)

All the words in the world couldn't save you now.

It's too late.
Speak up now.
