

Amazulu, All Over The World

All over the world
(All over the world)
All over the world
(All over the world)
All over the world
(All over the world)
All over the world

Move fast, move slow
Any way the music goes
East, west, left, and right
Some say heavy, some say light
Down in Africa
(And we're rocking)
Crossing China too
(And we're rocking)
Way down in Mexico
(And we're rocking)
Everybody goes
'Round and 'round and 'round, yeah

All over the world
(All over the world)
People are dancing
All over the world
(All over the world)
People are dancing

All day, all night
Universal rocking time
Some rock, some may roll
We say reggae, then say soul
In America
(And we're rocking)
Crossing Russia too
(And we're rocking)
Way 'cross in Tokyo
(And we're rocking)
Everybody goes
'Round and 'round and 'round, yeah

All over the world
(All over the world)
People are dancing
All over the world
(All over the world)
People are dancing

All over the world
(All over the world)
All over the world
(All over the world)
All over the world
(All over the world)
All over the world
(World)
(All over the world)

All over the world
(All over the world)
Down in Africa
People are dancing
All over the world
(All over the world)

In America
People are dancing
All over the world
Everybody goes
(All over the world)
'Round and 'round and 'round
All over the world
(All over the world)
All over the world
All over the world
(All over the world)
In Jamaica
People are dancing
All over the world.
