

# Amazulu, Too Good To Be Forgotten

(Too good to be forgotten  
too good to be forgotten)

Benny was a boy I met  
While walking home one day  
He made me forget my marbles  
He said he had another game to play  
One thing led to another  
Now what more can I say  
Just one of the reasons  
Why I've got him by my side today

He was too good to be forgotten  
(Too good to be forgotten)  
Now what more can I say  
(Too good to be forgotten)  
Too good to be forgotten  
No, I'll never let him get away

One in a million people  
Shout it from the highest steeple  
He's just one of the few  
Got my mind  
Got my life wrapped up in love

Well, his hair was shiny, long and black  
It smelled so sweet and bright  
I thought of him and dreamed of him  
All night after night  
I love the ground he walks on  
The very air he breathes  
I ain't never gonna leave him  
'Cause I'm as happy as I can be

(He was)  
He's just too good to be forgotten  
(Too good to be forgotten)  
Now what more can I say  
(Too good to be forgotten)  
Too good to be forgotten  
No, I'll never let him get away

One in a million people  
Shout it from the highest steeple  
He's just one of the few  
Got my mind  
Got my life wrapped up in love

He was too good to be forgotten  
(Too good to be forgotten)  
Now what more can I say  
(Too good to be forgotten)  
Too good to be forgotten  
No, I'll never let him get away  
He was too good to be forgotten  
(Too good to be forgotten)  
Now what more can I say  
(Too good to be forgotten)  
Too good to be forgotten  
No, I'll never let him get away

He was too good to be forgotten  
(Too good to be forgotten)  
Now what more can I say

(Too good to be forgotten)  
Fifty million reasons  
Why I'll never let him get away  
He was too good to be forgotten  
(Too good to be forgotten)  
Now what more can I say  
(Too good to be forgotten)  
Too good to be forgotten  
No, I'll never let him get away  
He was too good to be forgotten  
(Too good to be forgotten)  
Now what more can I say  
(Too good to be forgotten).
