

# Amber, Let's Do It For Love

You thought the grass was greener on the other side  
She's gonna break your heart  
You're gonna lose your pride  
What makes you think she's got something I don't have?  
What she's got is never gonna last

Are you too blind to see?  
That baby you should be the one for me

Let's do it for love, we can make it happen  
We got enough, to keep it going strong  
Let's do it for love, yours for the asking  
I'll give you more and more and more  
Like you've never had before

You'd better make a move before it is too late  
Gonna feel you deep inside, so please don't make me wait  
And every moment you're not here by my side  
We're losing precious time; love is hard to find

I'm gonna be the only one you'll ever need  
You're gonna want my love, just you wait and see
