

# Amber Mark, What It Is

I, I gave it my all  
I tried  
But nothing could stop this fire  
So hard to leave it all behind

And I know  
The good with the bad  
We fall  
But what is the point of it all?

So there goes my heart  
I fell apart  
Trying to love  
Wanna be free  
So, God, tell me please  
Is it in the stars?  
Oh, mm

Feel it in my bones  
Oh, I've got to know  
Tell me what it is  
What it is, what it is, what it is  
It is, it is  
What it is, what it is, what it is  
It is

On my mind always  
At least 3 times a day  
Tell me what it is  
What it is, what it is, what it is  
It is, it is  
What it is, what it is, what it is  
It is

Is it that sense of wonder?  
Wonder  
It hit like lightning  
Lightning  
Feel that inner thunder  
Thunder  
It's so inviting  
Ooh Yeah

Feel it in my bones  
Oh, I've got to know  
Tell me what it is  
What it is, what it is, what it is  
It is, it is  
What it is, what it is, what it is  
It is

Dive, deep in the dark  
With no light  
And I'm looking for a sign  
Should I have left it all behind?  
And I know  
Life really takes its toll  
But what is the point of it all?  
Yeah, mm

So there goes my heart  
I fell apart  
Trying to love  
Wanna be free Wanna be free

So, God, tell me please  
God, tell me please  
Is it in the stars?  
Gotta know, oh, oh

Feel it in my bones  
Oh, I've got to know  
Tell me what it is  
What it is, what it is, what it is  
It is, it is  
What it is, what it is, what it is  
It is

On my mind always  
At least 3 times a day  
Tell me what it is  
What it is what it is what it is  
It is, it is  
What it is what it is what it is  
It is

Is it that sense of wonder?  
Wonder  
It hit like lightning  
Lightning  
Feel that inner thunder  
Thunder  
It's so inviting  
Ooh Yeah

Feel it in my bones  
Oh, I've got to know  
Tell me what it is  
What it is what it is what it is  
It is, it is  
What it is what it is what it is  
It is

Don't know how, a feeling so strange, yeah  
The way time never stays the same  
So is life with failure and age  
Wondering, why do we throw so much shame? Why, yeah  
You and I are one in the same  
One in the same  
Dust from a heart to a flame  
Is it love that through proves in our faith? Is it love?  
Or how we move spiraling  
Is it, is it, is it? Now

Oh, I feel it in my bones  
Oh, I've got to know  
Tell me what it is  
What it is what it is what it is  
It is, it is  
What it is what it is what it is  
It is
