

Amber Pacific, Always You (Good Times)

I'll hold a place for you inside
Inside my heart for you and I
I won't forget these tears I cry
With every year that passes by

And I can't sleep without you
And I can't breathe anymore

Good times last forever
I'll keep my heart with yours
For every minute I am gone (I am gone)
Swear you'll never leave me
I'll be there every time
In your heart and in your eyes

I'll give it up this time again
Some things are better left unsaid
And all I have are lasting dreams
Our words spoke more this time it seems

And I can't sleep without you
And I can't breathe anymore

Good times last forever
I'll keep my heart with yours
For every minute I am gone (I am gone)
Swear you'll never leave me
I'll be there every time
In your heart and in your eyes

Good times last forever
I'll keep my heart with yours
For every minute I am gone (I am gone)
Swear you'll never leave me
I'll be there every time
In your heart and in your eyes (In your eyes)

Good times last forever
I'll keep my heart with yours
For every minute I am gone (I am gone)
Swear you'll never leave me
I'll be there every time
In your heart and in your eyes (In your eyes)

In your eyes
