

# Amber, This Is Your Night

Dah dah dah dad, ditita ta tay  
This is Your Night

Aww Yeah x4

This is your night,  
Dancing free until the morning light  
Together forever 'cause, this is your night  
And everything is gonna be alright

This is your night,  
Dancing free until the morning light  
Together forever 'cause, this is your night  
And everything is gonna be alright

Aww yeah, so in love with you  
Aww yeah, it's too good to be true  
Aww yeah, feelin' so brand-new, aww yeah  
Eee-yeah, eee-yeah

You captured my heart, you're the key to my life  
A vision of our love, that made me survive  
Regaining the mood, that we're in, it's so real  
It's time to move up, and to face what I feel, oohh

This is your night,  
Dancing free until the morning light  
Together forever 'cause, this is your night  
And everything is gonna be alright

Aww yeah, so in love with you  
Aww yeah, it's too good to be true  
Aww yeah, feelin' so brand-new, aww yeah  
Eee-yeah, eee-yeah

Tonight with my spirits, the one that you call  
I'm ready to stand up, and ready to fall  
I can't run away, so attracted by you  
Let me be your girl, and I'll be so true, ooh  
Dadadadada, ditaitaidai...
