

Amber, This Is Your Night (House Mix)

Da be da be da di da en da
Da be da be da di da en da
Da be da be da di da en da
Da be da be da di da en da

This is your night
Dancing free until the morning light
Together forever cuz
This is your night
And everything is gonna be alright
Oh yeah
So in love with you
Oh yeah
Its to good to be true
Oh yeah
Feeling so brand new
Oh yeah

You captured my heart
Your the key to my life
A vision of our love
That made me survive
Creating the mood that were in is surreal
Its time to move up and to face what I feel

This is your night
Dancing free until the morning light
Together forever cuz
This is your night
And everything is gonna be alright
Oh yeah
So in love with you
Oh yeah
Its to good to be true
Oh yeah
Feeling so brand new
Oh yeah

Imagine my spirit the one that you call
I'm ready to stand up and ready to fall
I can't run away so attracted by you
I may be your girl and I'll be so ture
Oh oh

This is your night
Dancing free until the morning light
Together forever cuz
This is your night
And everything is gonna be alright
Oh yeah
So in love with you
Oh yeah
Its to good to be true
Oh yeah
Feeling so brand new
Oh yeah
