

# Amberian Dawn, Lullaby

"Deep in the earth land of dead (the dead are welcoming their king!)  
Deep in the earth lies a new born baby boy  
Hush, o precious child! Among the dead you rest in peace.  
Hush, o infant king! The dead salute the son of darkness!  
Ruler of dead sleep on the breast of the beast (the corps are ready and awake!)  
Doom shall face earth upon your ascension  
Hush, o precious child! Among the dead you rest in peace  
Hush, o infant king! The dead salute the son of darkness!  
You black-souled son of mine you'll reign the mighty kingdom of the dead.  
You'll make your mother proud, so sleep and dream until comes Night!  
Hush, o precious child! Among the dead you rest in peace  
Hush, o infant king! The dead salute the son of darkness!"
