

# Amberian Dawn, United

Bring your heart in everything you desire  
Do your best and all that's required  
Look around, be ready  
You are moving on

Never give up on your goals or your dreams  
No regrets of the way you're living  
You can do it  
'Cause we're fighting one for all and all for one

United we stand, divided we fall  
(We are one for all, one for all)  
And hand in hand we hear the freedom call  
(Never fight alone, fight alone)  
We're all together and we are standing tall  
(We are all for one, all for one)  
Now and forever we'll live above them all  
(Never fight alone, fight alone)

Bring to your life a daring meaning  
Turn your back to the lack of feeling  
You are getting strong  
And you're moving on

Don't waste time in waiting for something  
Now's the time to take your part in everything  
Because we're fighting one for all and all for one

United we stand  
(We are one for all, all for one)  
Divided we fall  
(Never fight alone, fight alone)  
United we stand...  
(We are all for one, all for one)  
Divided we fall...  
(Never fight alone, fight alone)
