

# Ambitious Lovers, Copy Me

Like animals eyeing animal trainers  
Keep both hands where i can see&#039;em  
Stand in the sun for seven hours  
We&#039;ve up to our necks in a body of water  
I&#039;ll miss the way you bring me my water  
When I&#039;m drowning do you copy me?

Copy me, I&#039;m on my way out  
Divide the ground out from under you  
Down to the smallest moves

Holding hands all afternoon  
Two kids at a grown up party  
A fly on a girl in a gold coonvertible  
Gladiators in a balcony  
Fret Like a man with seven daughters  
I can&#039;t sweat, do you copy me?

Copy me, I&#039;m on my way out  
Divide the ground out from under you  
Down to the smallest moves

Take it oof just for rehearsal  
Our legs engage in role reversal  
One image or another has to be your last  
Head me off at the pass, do you copy me?
