## Ambrosia, Lover Arrive

(Pack)

Lover arrive Lover arrive Take me on wings into your heart Find a new start

Lover arrive Lover arrive Take me from here into your soul We can be whole

Remember the days We'd run away Laughing among all the fields

You looked at me And all I could see Were your eyes a shinin' so real

Ohhhh, li, li, li, li, li, Ahh ah, li, li, li, li

Lover arrive Lover arrive Take me from here into your heart Then we can start
