

Ambrosia, We Need You Too

(Puerta - Pack)

Nothing's complete
Before every chain is linked
And your mind wasn't meant
To be sold out in the street

You are wearing a disguise
It reveals you when you cry
Does it hurt you when you try?

Can I help you?
Could I reach you?
Tell me now because
We need you too

Don't let worries be
Oh your walls against your being
You can climb them
What's beyond is surely worth your seeing

You are wearing a disguise
It reveals you when you cry
Does it hurt you when you try?
Can I help you?
Could I reach you?
Tell me now because
We need you too
