

Amebix, Axeman

Lock up your children the axeman is coming
Lock up your children the axeman is coming
Lock up your children the axeman is running
Lock up your children he's here!

He's coming SLAUGHTER!

Is he from the army or the S.A.S.?
Rejected and shunned, left out on his own
The skills he acquired are put to the test
The tearing of flesh and the pulping of bone!

He's coming SLAUGHTER!

It's late and it's dark but one walks the streets
An axe in his hand, no glint in his eye
This mindless machine, he butcher, you meat!
Calm and collected, but twisted inside!

He is here! SLAUGHTER!
